MELT ART & SCRAPBOOK
ACCESSORIES

Press Release

You asked for it, and now it's here! Ranger is very excited to introduce new Pigment Inks in your favorite Adirondack® color palette. Available in 18 coordinating colors of Lights, Brights and Earthtones plus Pitch Black and Snow Cap.

The rich, colorful formula of Adirondack Pigment Inks gives opaque coverage that air dries on matte paper surfaces. They are embossable and can be heat set on gloss paper, vellum, mica, shrink plastic, metal and glass. These acid free, non-toxic inks are archivally safe and will extend your customers' creative possibilities on a multitude of surfaces.

Adirondack® Pigment Inks

- Rich, opaque pigment ink
- Air-dries on matte papers
- Available in Lights, Brights, Earthtones color palette
- Coordinates with other Adirondack products
- Tight-fitting, stackable case

The black, stackable, foam pad case features a removable lid with a tight seal and a vapor barrier for added protection. The pad base is ergonomically designed for gripping and is comfortable to use whether inking stamps or using the pad direct-to-paper.

New Adirondack Pigment Ink Colors:

Visit us at 2008 Winter CHA Trade Show, Booth #4264, for information and to take part in Make-It-Take-Its using the new Adirondack Pigment Inks. Available April 2008.
