

New Ranger Collage Glue Stick

Ranger is excited to announce a new addition to their Adhesive product line

Ranger is pleased to announce the re-release of their Collage Glue Stick. Same great glue, great new shape! The newly redesigned triangular shape gives crafters the capability to apply glue in hard to reach corners. This fast-drying adhesive bonds paper surfaces permanently, making it ideal for paper collage, photos, ephemera and more. The non-toxic and acid-free Collage Glue Stick dries clear and is great as a mess-free and portable application of glue.

Collage Glue Sticks are sold individually as open stock and in a convenient point of purchase display with 25 pieces.

Single Stick
