## Ranger Texture Paste

*Add Texture & Dimension*

Ranger is excited to announce the latest addition to its product line of creative tools and mediums, Texture Paste. Ranger's artist quality texture paste is ideal for adding dimensional layers onto a variety of surfaces. Apply paste to surfaces using a palette knife, use with stencils for defined shapes, or create textures and patterns using texture tools. Customize the paste by inking or painting directly over the dry paste, or by mixing in acrylic paints, re-inkers and other texturizing elements. The wide mouth jar opening is ideal for quick, easy access and return of unused product to the jar.

Ranger Texture Paste dries to a matte finish. Cleans up with soap and water when wet. Available in a 4 oz. jar.
