ICE Resin® Tints

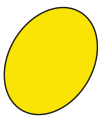

Transform ICE Resin® From Clear to Colorful!

Ranger and Susan Lenart Kazmer are excited to announce the addition of Tints to the ICE Resin® line. Specially formulated for use with ICE Resin®, this collection of 6 colors allows you to add color and swirls to your resin for gem-like effects. Just squeeze ICE Resin® Tints into mixed resin until desired color is achieved. For a hint of color use 1-2 drops, for more saturated color use multiple drops. All 6 colors are available open stock.
