### New Liquid Pearls

#### Introducing 6 Bright Pearlescent Shades

Add pearlescent shimmer to your craft projects this summer with 6 new bright shades of Liquid Pearls. Ranger's newest additions to the Liquid Pearls line will have your next craft project bursting with color. The 6 colors include: Coral – a warm rosy orange; Watermelon – a juicy pink; Lemon Chiffon - a pale yellow; Garden– a vibrant green; Robin's Egg – a soft turquoise; and Blackberry – a rich purple.

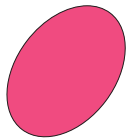

Liquid Pearls are a versatile, dimensional pearlescent paint that dries permanent when used on paper, fabric, canvas and other porous surfaces. The easy flow tip allows for precision application and makes it easy to create dimensional pearl accents. Liquid Pearls can also be applied with a paintbrush for easy all over coverage.
