## PRESS RELEASE

Innovative Inks, Paints, Paper Crafting and Mixed Media Art Tools

## Ranger Texture Pastes & Tools

### Add Texture & Dimension

#### TEXTURE PASTE

Ranger is excited to announce the addition of Texture Paste to its product line up. Ranger's artist quality texture paste is ideal for adding dimensional layers onto a variety of surfaces. Apply paste to surfaces using a palette knife, use with stencils for defined shapes, or create textures and patterns using Ranger's new Texture Tools. Customize the paste by inking or painting directly over the dry paste, or by mixing in acrylic paints, re-inkers and other texturizing elements.

Available in three different finishes. Texture Paste: opaque and dries matte, Transparent Matte: dries clear and matte and Transparent Gloss: dries clear and glossy. All available in a 4 oz. jar.

#### TEXTURE TOOLS

Ranger also announces the addition of new Texture Tools for use with Ranger Texture Paste. Each set includes 6 unique designs made from durable, flexible plastic that can be used to create raised textured effects. For quick, easy and unique designs, run Texture Tools through wet Texture Paste. Each set includes a metal hinged ring for easy organization and convenient storage.

#### TEXTURE PASTE

- Artist quality
- Available in Opaque, Transparent Matte & Gloss finishes
- Available in a 4 oz. jar by volume
- For building dimensional textures with stencils and more
