### Introducing ICE Resin® Molding Putty & Bezel Template

#### ICE RESIN® MOLDING PUTTY

Ranger and Susan Lenart Kazmer are pleased to introduce ICE Resin® Molding Putty. Use this molding putty to make your own molds from found objects in less than 10 minutes! Molding putty is designed for use with ICE Resin® but also works with many different media including polymer clay, wax, embossing powders, soap, and plaster. Just fill with your media once the mold has set and create one-of-a-kind jewelry and mixed media pieces.

#### ICE RESIN® BEZEL TEMPLATE

Ranger and Susan Lenart Kazmer are also pleased to introduce the ICE Resin® Bezel Template. Including an image inside your Bezel has never been so easy with this eight design template. Use the ICE Resin® Bezel template to measure and cut the exact size of your ephemera imagery or decorated papers to include inside your Bezel. Coordinates with the ICE Resin® Milan Bezels.
